To Whom it May Concern,

I wish to state my support for Microsoft in the Antitrust Settlement Case. The proposed remedies are fair and corrective. Microsoft has always acted in the best interest of the consumer (of which I am one). Microsoft's efforts at technical advancement and innovation are appreciated by myself and my family.

I also wish to state my non-support for AOL-Time Warner (Netscape). I have moved away from Netscape based on my technical assessment of its capabilities and understanding of AOL/TimeWarners moved to lessen its support for open standards in an attempt to control their user's interface to the internet.
